1. VA Secretary Nominee Update: Rear Adm. (Dr.) Ronnie Jackson met one-on-one with VFW Executive Director Bob Wallace in the VFW Washington Office this week to discuss the challenges he will face at the Department of Veterans Affairs if confirmed by the Senate. The admiral is very passionate about his 23 years as a naval physician, especially about his tour in Iraq taking care of wounded Marines, and is honored to have an opportunity to continue serving. Wallace called the meeting positive, especially after noting that the admiral is against privatizing VA. His Senate confirmation hearing is scheduled to begin at 2:30 p.m., Wednesday, April 25, and will stream live online at www.veterans.senate.gov.

2. VFW Testifies in Support of Women Vets, Caregivers & Medical Marijuana Research: On Tuesday, VFW National Legislative Service Associate Director Kayda Keleher testified at a House Veterans’ Affairs Subcommittee on Health hearing focused on women veterans, caregivers and medical marijuana research. Keleher offered the VFW’s support for legislation to expand the number of peer-to-peer counselors for women veterans, provide better monitoring for quality assurance of sex-specific health care from community providers, increase caps for VA provider education debt reimbursements, better coordinate between states and VA for controlled substance monitoring, require VA to conduct research on the efficacy of medical marijuana research, and expand caregiver benefits to veterans of all eras. View the hearing or read the testimony.

3. Memo Warning of Bad Anthrax Vaccine Is Erroneous: Earlier this week, an unauthorized draft memorandum began circulating online regarding soldiers who had received anthrax vaccinations at Ft. Drum and Ft. Campbell between 2001 and 2007. The memo stated that
soldiers who were given the vaccine at these two stations could potentially be eligible for 100% VA compensation due to “bad anthrax batches.” The Department of Defense, in consultation with the Defense Health Agency, released a statement clarifying that the information contained in the memorandum was “false and completely without merit,” and that a new memorandum with the correct information has been published. Questions about this memorandum may be directed to VFW Director of National Security & Foreign Affairs John Towles at NSFA@vfw.org.

4. VFW-supported Bill to Expand Commissary Access Introduced: Representatives Daniel Lipinski, D-Ill., and Walter Jones, R-N.C., introduced H.R. 5467, the Purple Heart and Disabled Veterans Equal Access Act of 2018, which is endorsed by the VFW and would allow veterans with a service-connected disability, Medal of Honor recipients, veterans formerly held as prisoners of war, and veteran caregivers to use commissaries and MWR programs. Read the bill text.

5. VFW-supported Bill to Improve Transition Assistance Program: This week Congressman Don Bacon, Neb., 2, introduced H.R. 5553 to improve DOD’s process to prepare service members transitioning to civilian life. The VFW-endorsed bill focuses on veteran homelessness, unemployment and suicide prevention for transitioning service members. The VFW has worked with VFW member Ryan Loya and VFW Auxiliary member Katherine Kostreva to advocate for this legislation. The VFW encourages grassroots efforts of veterans helping veterans as a way to continue serving after leaving military service. Read the press release.

6. DHA MSO/VSO Working Group: On Wednesday, the VFW participated in the monthly Defense Health Agency (DHA) MSO/VSO Working Group led by DHA Deputy Director Guy Kiyokawa. The meeting provided updates on service treatment record processing and modernization, TRICARE implementation, and upcoming changes to the TRICARE Retiree Dental Program which is set to end on Dec. 31, 2018. Also discussed was the importance of ensuring that beneficiaries who pay their premiums and fees by credit card have contacted their new regional contractor to ensure that their payment information is correct. Beneficiaries who fail to authorize or update their payment information with their new TRICARE contractor before May 31, 2018, will lose coverage and must wait a full year to re-enroll. As of March, there were still approximately 44,000 beneficiaries who have failed to update their payment information. If you are unsure of your current payment authorization status, please contact your regional TRICARE contractor.

7. VA Nominations Advance in the Senate: The Senate Committee on Veterans’ Affairs advanced two nominations to the full Senate on Wednesday. Receiving unanimous support from the committee were Dr. Paul R. Lawrence to serve as under secretary for benefits and Joseph L. Falvey Jr., to serve as a judge on the U.S. Court of Appeals for Veterans Claims.

8. VA to Host Nationwide Baby Shower: Throughout the month of May, in celebration of Mother’s Day, VA will host baby showers at 60 different sites across the country. VA also plans to provide more than 2,400 veterans — who are new parents or expecting — with baskets that will include a diaper bag, new baby toiletries, hair brush and comb set, bib, layette, blanket and hat. VA is currently accepting donations for these baskets which cost $50 each. Individuals and
groups who are interested will also be able to volunteer at the baby shower sites. [Learn more](#) about how to volunteer, donate or find baby shower locations.
