1. Special Forces Medic Receives Medal of Honor: President Trump presented the Medal of Honor on Monday to former Army Special Forces medic Staff Sgt. Ronald J. Shurer II for fighting his way through an enemy ambush to render aid to wounded Special Forces soldiers and Afghan commandos in an April 6, 2008 battle in Shok Valley in northeastern Afghanistan. Shurer was initially awarded the Silver Star for his role in the operation, but a Pentagon review of all valor medals awarded since 9/11 resulted in the award being upgraded to the Medal of Honor. Shurer is currently a special agent with the U.S. Secret Service. Watch the White House presentation ceremony.

2. VA to Host Economic Development Events in Puerto Rico: In the aftermath of Hurricane Maria and the devastating impacts on Puerto Rico last year, there are still many veterans who are attempting to get back to normal. On Nov. 8, VA’s Office of Transition and Economic Development will host an event offering multiple services at Fort Buchanan, Puerto Rico. The centerpiece of the event will focus on a veteran economic themed roundtable from 9 a.m. to noon where attendees can learn of some of the programs they might be eligible for. During this event there will also be an all-day large scale claims clinic available to veterans from the surrounding area. On Nov. 14 at Fort Buchanan there will be a Hiring Our Heroes job fair from 10 a.m. to 2 p.m. The VFW is glad to see VA is making sure to take care of the veterans from Puerto Rico in their times of need.

3. Compare 2019 FEDVIP Dental and Vision Plans: Starting in 2019, dental and vision insurance plans for military retirees and their families will be available through the Federal Employees Dental and Vision Insurance Program (FEDVIP). If you're eligible, the first opportunity to enroll in a plan is during the Federal Benefits open season, which will take place from Nov. 12 to Dec. 10. Compare FEDVIP plans and rates before open season begins.
4. **On-Base Shopping Privileges to Expand**: The *National Defense Authorization Act for Fiscal Year 2019* includes a provision to open on-base commissary, exchange and MWR privileges to stateside Purple Heart recipients, former prisoners of war, and those with service-connected disabilities and their caregiver spouses. Once implemented on Jan. 1, 2020, the new beneficiaries will be allowed to use these facilities on the same basis as any service member, dependent or military retiree, although a new user fee might be created for this population to offset additional expansion expenses. The delay to enact is to give the military services, exchange systems and Defense Commissary Agency time to ensure the launch is seamless. Gate access and shopping privileges will be based on the new VA-issued Veterans Health Identification Card (VHIC), which identifies the holder as having a service-connected disability. The DOD’s electronic physical access control system, to be completed by Sept. 2019, will accept the VHIC to enable streamlined access to installations. The VFW will monitor and report back as expansion efforts progress.

5. **Trump Donates His Salary to Veteran Entrepreneurs**: President Donald Trump is donating his second quarter salary to a Small Business Administration program that will help veteran entrepreneurs. At a White House briefing on Wednesday, SBA Administrator Linda McMahon accepted a $100,000 check from the president. “This money is going to be used in our veterans program. We’re going to establish a seven-month intensive training program called ‘Emerging Leaders.’ It’s an adaptation of that program for our veterans, helping them transition from military life into private sector if they desire to start their own jobs and their own companies, and be entrepreneurs,” McMahon said. “We thank the president very much for this and it will be put to very good use.” Trump donated his first quarter salary for 2018 to the Department of Veterans Affairs for caregiver programs.

6. **HonorBound Foundation Awards VFW a Grant to Help Service Officers**: HonorBound Foundation has awarded the VFW a $55,263 grant to help offset a larger initiative that will begin equipping VFW service officers with new laptops and tablets so that they can more efficiently and effectively help veterans file disability claims with the Department of Veterans Affairs. The VFW has nearly 2,000 VA-accredited service officers across America and abroad, and reliable Internet connectivity is key to helping veterans process their claims. The HonorBound Foundation grant will help jumpstart a larger $300,000 VFW initiative to ensure all service officers have the ability to provide the same service to all veterans anytime, anywhere. “The VFW is in business to help as many veterans and their families as possible, and part of our success relies on technology,” said VFW National Commander B.J. Lawrence. “We’re thankful for the HonorBound Foundation’s generosity, which will help ensure our professional advocates can process more VA claims wherever and whenever needed.”

7. **MIA Update**: This week, the Defense POW/MIA Accounting Agency announced 7 new identifications, and the burial dates and locations for 12 previously identified servicemen. Returning home with full military honors are:
